

Solatek Wall-Mounted EV Charger AC

SLWGBT-22kW

The SOLATEK SLWGBT-22kW is a high-performance AC wall-mounted EV charger designed for both residential and commercial applications. Built to support three-phase 400V AC systems, it delivers up to 22kW of charging power, making it ideal for fast and efficient electric vehicle charging.

With IP66-rated protection, it's suitable for indoor and outdoor use in all weather conditions. The charger is equipped with advanced connectivity options, including Wi-Fi and Bluetooth, allowing seamless integration with mobile apps for real-time monitoring, remote control, and user authentication.

The SLWGBT-22kW complies with international safety and communication standards such as IEC 61851, IEC 62196, and GBT 20234.2, ensuring reliable and safe operation with a wide range of electric vehicles.

Main Features

- Multi-vehicle compatibility.
- Multiple intelligent detection and protection functions.
- Insert ready to use.
- Real-time detection of charging data.
- Overload protection voltage, current power temperature display, charging statistics save, limited time charging.
- Electric vehicle chargers are suitable for indoor, underground garages, open parking lots and other places.
- Suitable for home and public charging.
- Time-limited charging (charging time is controllable)
- Smart Connectivity(remote monitoring, control, and updates via mobile app, Supports user authentication and session tracking)
- Current adjustable (low speed charging battery maintenance)

Specifications

Model	SLWGBT-22kW
Power Rating	22 kW
Phase	3 Phase + Neutral + Earth
Input Voltage	400V AC $\pm 10\%$ (Three-phase)
Input Current	Max. 32A
Output Voltage	400V AC $\pm 10\%$ (Three-phase)
Output Current	Max. 32A
Frequency	50/60 Hz
Connector Type	GBT (GB/T 20234.2)
Protection Rating	IP66 – Dust-tight and protected against powerful water jets
Communication Interfaces	Wi-Fi, Bluetooth
Standards Compliance	IEC 61851-1, IEC 62196-1, IEC 62196-2
Installation	Wall-mounted
Cable Length	5m
LED Indicator	1 Indicator
LCD Screen	LCD Display
Application	Home, apartment buildings, commercial parking, fleet charging
Mobile App	Available for Android And IOS (QR code on device)
Installation Environment	Indoor / Outdoor
Application	Home, apartment buildings, commercial parking, fleet charging
